PREFACE

IN presenting the Sixty-Second Annual Edition of the City of Hamilton Directory, we thank the business men and patrons in general for the liberal and enthusiastic support they have given us.

The number of names in the Alphabetical Section is 78,048. Wives' names approximate 30,700 making a grand total of 108,748 names in this section of the Directory.

The Street Directory shows some 41,850 listings including Householders, Firms, Offices, Buildings and Institutions. Our estimate of the population of the City proper is 168,090.

There are a number of persons whose names are in the directory who just live outside the city limits, and others who live in nearby municipalities who are employed in Hamilton, these names approximate 2,600, so the residential and working population of Greater Hamilton is 170,690.

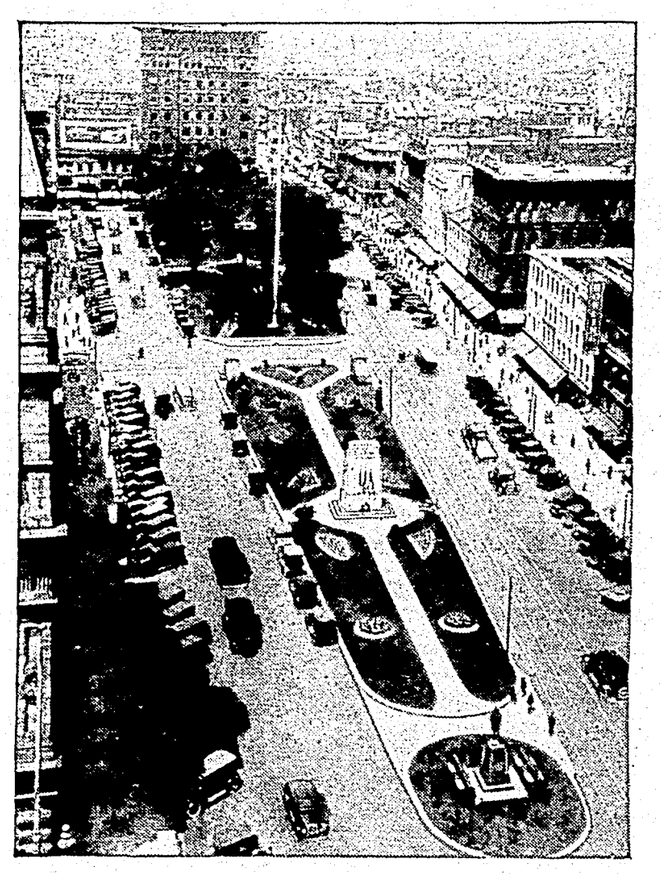
COMMON SENSE
About
CITY DIRECTORY CIRCULATION

THE TRUE VALUE of advertising circulation is circulation consulted.

TO BE EXACT, by actual survey in twenty-four average American cities by actual count, each City Directory averaged three and one-half consultations for each business day.



TO BE CONSERVATIVE we shall eliminate the sixty Sundays and Holidays when no tests were made.

FOR EVERY THOUSAND DIRECTORIES sold there will be an average of three and one-half daily consultations for each book for **THREE HUNDRED AND FIVE** days, therefore—

1000 X 3½ X 305=1,067,500
